

# AMBULANCE REMOUNTS

A FASTER AND MORE AFFORDABLE SOLUTION

**HAVE A NEW VEHICLE FOR A FRACTION OF THE COST!**

What makes a fire truck or ambulance remount a good alternative to buying a new emergency vehicle? ***You can save close to \$50,000 with a remount from Nassau Fire Apparatus!***

- Chassis option remounts for Chevrolet, GMC, Ford, Dodge, International, Freightliner, Kenworth, and Peterbilt as well as Type I to Type III conversions and vice versa while keeping your same module
- Over 100 "no complaints" ambulance remounts performed in our 15,000 square foot state-of-the-art facility with 14 service bays
- 2 high-tech spray booths that are computer-controlled for the curing process along with factory-supplied mixing stations
- Certified EVT Technicians specialists to get the job done efficiently and effectively.

***Located conveniently in West Babylon, we proudly serve the Northeast region as a premier ambulance remounter!***
