

# NEW ENGLAND FACILITIES

EXPANDING OUR REACH TO SERVE MORE CUSTOMERS

## SUPPORTING ALL NEW ENGLAND CUSTOMERS NOW!

With a history rich in experience and reputation, we are expanding the reach of our services outside of our usual New York and Vermont territory in order to serve a new customer base in the New England region. To initiate this expansion, Sonny Dove was recently hired to become the New England Ambulance & Fire Vehicle Remount Sales Representative. ***This position includes overseeing services in parts, refurbishing, ambulance remounts, and accident repairs in the New England area.*** Sonny works from his home office outside of Boston, and is ready and willing to meet with your organization about your ambulance remounting needs.

### Why should you consider Nassau Fire Apparatus for your next ambulance remount project?

- Chassis option remounts for Chevrolet, GMC, Ford, Dodge, International, Freightliner, Kenworth, and Peterbilt
- Over 100 “no complaints” ambulance remounts performed in our 15,000 square foot state-of-the-art facility
- 2 high-tech spray booths that are computer-controlled for the curing process as well as a factory-supplied mixing station booth for custom paints and stripping
- A convenient location for all New England customers (approximately 5 hours hauling from Boston on a flatbed)
- Have any future warranty work done locally by Nassau Fire Apparatus certified service centers
